## Cohen's Lottery &amp; Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, August 8, 1822.

## Extended Distribution of Prizes!

On the next page is the official list of yesterday's drawing of the Monument Lottery. The floating prize of Five Thousand Dollars came out to No. 19343; and was divided into Quarters. As yet, we have only ascertained the name of one of the owners, Mr. Nathan Rogers, flour merchant of this city. Among the numerous prizes above Ten Dollars which were drawn and sold at COHEN'S OFFICE, we cannot omit remarking the very extended distribution of the most of them amongst our distant customers, viz at Hagerstown and Uniontown, in this state—at Philadelphia and York Pa.—at Alexandria—at Richmond, Prince Edward, Culpepper, and Hampshire counties in Virginia—at Windsor and Leasburg in North Carolina, and Milledgeville in Georgia.

The drawing will be continued on Wednesday next as usual. The premium to the first drawn No. will be ONE THOUSAND DOLLARS.

## Twenty Thousand Dollars!

This brilliant premium constituting a comfortable independence for life, will be awarded to the holder of the first drawn number in the Monument Lottery, on the 28th of THIS MONTH. Only two drawings will intervene previous to awarding this rich prize. Orders forwarded immediately to COHEN'S OFFICE will arrive in time. Tickets are at Fourteen Dollars only, and Shares in proportion.

Our customers and friends in different parts of the Union are informed, that there will be but a very short notice given of a rise in the price of tickets in the new scheme of the STATE LOTTERY—Those therefore, who wish to procure them at the present original rate of \$8<sup>50</sup>/<sub>100</sub>, should send on their orders as soon as possible, directed as heretofore, to J. I. COHEN, Jr. Baltimore.

The Committee of Arrangement of the Maryland Agricultural Society, who have lately received their appointment from the proper authority, held their first meeting on Tuesday last, in Easton. We understand they organised, and made very considerable progress in deciding on the objects most worthy to be proposed for premiums, and that they found the farmers, breeders, and manufacturers, eager and emulous to enter the lists.—*Easton Gaz.*

## ARRIVAL OF THE CONSTELLATION.

The United States frigate CONSTELLATION, Captain Charles G. Ridgely, arrived at New York on the 30th ult., from a cruise in the Pacific Ocean. She sailed from Valparaiso on the 7th of May, arrived at Rio Janerio on the 11th of June, sailed again on the 16th, touched at St. Pierres, Martinique, on the 15th, sailed the same night, passed along the coast of Dominique, south side of St. Croix and Porto Rico, and came through the Mona passage.

The Constellation has been absent from this port two years and five days; has been as far down the coast as Guayaquil, actively employed during the whole cruise, and the officers and crew all returned home in good health.

The Constellation has about \$200,000 in specie on board, principally for merchants of Boston and Baltimore.

From the Norfolk Beacon, July 31.

Our citizens were yesterday gratified with a sight never witnessed by them before, that of a U. S.

Seventy Four Gun Ship sailing majestically up our river, from Hampton Roads to the Navy Yard. The NORTH CAROLINA, 74, Captain C. W. MORGAN, which has been detained in Hampton Roads since Wednesday last, by a succession of S. W. winds, got under way yesterday morning at 6 o'clock, passed up and anchored safely off the Navy-Yard by 9 o'clock, although the tide was at full half ebb, and owing to the state of the moon and the long prevalence of Southwesterly winds, she had at least three feet less water in passing the flats than at usual high water, she passed up without meeting with the slightest obstruction or accident of any kind. We think this demonstrably proves, that a ship of any draught of water may pass, with entire safety and the greatest facility, from the Roads to the Navy-Yard at Gosport.

*The Crops.*—The accounts from every part of the Union, as to the prospect of an abundant harvest, are every way cheering. The late seasonable rains had greatly invigorated the Indian Corn, so that no doubt remains of a fair average crop of this invaluable and nutritious product.

*From Canton.*—The ship Addison, Capt. Hewitt, arrived at Philadelphia on Sunday last, having performed the voyage out and back, in the remarkable short space of two hundred and ninety days—discharging her outward, and taking in a full return cargo included.

It is said that Mr. Kean will shortly return to this country, and the late London papers mention that Mr. Braham, the celebrated vocalist, is also said to have decided on crossing the Atlantic—the lovers of exquisite singing, will not fail to hail his arrival as a fortunate occurrence. It is also stated that Mr. Matthews, the celebrated comic actor, was to make his last appearance before a London audience, on the 22d of June, prior to his departure to America on a two years engagement.

*Sports of the Wheel.*—The first drawn No. in the Baltimore Washington Monument Lottery on the 28th of this month, will be entitled to a prize of Twenty Thousand Dollars! Tickets are at 14 dollars. Orders to be addressed to J. I. Cohen, Jr. Secretary to the Managers, Baltimore.

*Our Commerce.*—The amount of duties secured at the Custom House in New York for the six months of the present year, ending on the 30th of June, was \$5,244,815,97-100.

*Another Horrid Piracy.*—Captain Fitz, of the schooner Olive, arrived at New York from the Bahamas, informs, that about the middle of June, the wreckers had fallen in with a ship ashore to the windward of Rico Key, the crew of which had been cut to pieces, and were found hanging in the rigging! The wreckers had also picked up a brig at sea, near the same place, entirely deserted—supposed to have been robbed by the pirates.

## ARRIVAL OF THE MACEDONIAN.

The United States frigate Macedonian, Captain BIDDLE, arrived in Hampton Roads on Saturday evening, from a cruise. It is with inexpressible pain we state, that the Macedonian has lost by sickness, during her cruise, seventy-seven of her crew including ten of the officers, and that there are about fifty of the remainder of the crew now sick.—This truly distressing intelligence was communicated in a despatch from Captain BIDDLE to Captain WARRINGTON, at the Navy Yard, the object of which was to request that a surgeon should be immediately sent down to the ship.—The bearer of

the despatch landed at the Navy-Yard on Saturday night, and returned early the next morning with Dr. Williamson, one of the Navy Surgeons at this station, and we learn that Dr. Conway also went down last evening.

These are all the particulars that have as yet come to our knowledge; nor have we been able to learn the names of the deceased. The only communication the ship has had with the shore, was by the boat which came up to the Navy-Yard on Saturday night, and it returned early the next morning, as we stated before; and we mention it in order to remove any thing like apprehension, that every necessary precaution has been used to guard against such communications. The sick are to be immediately landed at Craney Island, a healthy and salubrious spot, where the necessary arrangements are in train for their accommodation; and we have entire confidence that effectual measures will be pursued to prevent all intercourse between the island and the town.

## Latest Foreign Intelligence.

By the arrival of the Ceres at Boston, and the Cortes at New York, London dates to the 23rd, and Liverpool to the 25th of June have been received, being nine days later than the intelligence by the Nestor. Advices are received of the passage of the Navigation and the WEST INDIA TRADE Bills in the British Parliament—of the affairs of RUSSIA and TURKEY. It does not satisfactorily appear that peace has been decided upon, though our last accounts were plausible to that effect. The present opinions vary, and no certain result can be anticipated.

The Catholic Peer's Bill was lost in the House of Lords by a majority of 42. The debate, though protracted to a late hour, did not call forth many speakers.—Lord Colchester, the Lord Chancellor, and the Earl of Liverpool, strenuously opposed the measure; and they were replied to by Lord Erskine, Earl Grey, Lord Grenville, and Lord Holland.

In IRELAND, the distresses of the counties of Cork, Galway, Therry, and Mayo, continued very great.

Mr. Zea, the envoy from the Republic of Colombia, arrived in London on the 15th June from Paris. We understand the object of his visit is to endeavour to induce the British Ministers to recognise the Independence of Colombia, and form a commercial treaty with the Government which he represents.

The Marquis of Hertford died at his house in Manchester Square, London. He was born in 1743, and is succeeded by his only son, the Earl of Yarmouth. He was advanced to the marquissate in 1793, and was 79 years of age. He had been in a declining state of health for upwards of two years; but within the last ten days the decay had been rapid—latterly his memory appeared to be wholly gone. The present marquis succeeds to the vast wealth as well as to the titles of the deceased. The entailed estates are estimated at little short of £90,000 per annum.

The heat had been very oppressive in England during the early part of the month of June. In London the thermometer was up to 85°; and in Warwick on the 8th of June, it was 95 in the shade. Thirteen post horses had ended their miserable existence in one day on Ascot race course, and several fine horses belonging to coach proprietors, dropped down and died on the road between the Heath and London.

*France.*—The French minister of finance had brought forward his estimates in the Chamber of Deputies for the ensuing year. The estimate of expenditure amounting to 900,475,503 francs, and the Ways and means, to 909,130,283 francs, giving a surplus of 8,655,280 francs.
